

ScoutingUKDings:

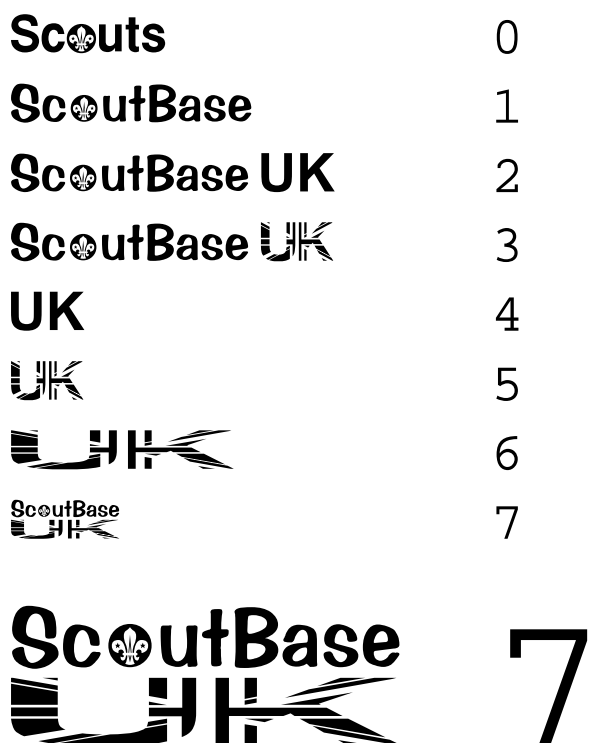

A series of Scout Logos stored as TTF characters. The first 48 are just Scout logos in a variety of sizes.

The first of each triple is designed to be the same height as most capital letters, the second is based on the x-height of the Arial font, and the third the x-height of the TimesNewRoman font, e.g.

The remaining 8 symbols in the font, are logos, the first is the standard Scouts Logo, and the remaining 7 are ScoutBase UK logos:

The font is stored in the file sbd.ttf. To install this go to the fonts section of Control Panel, and then select Install New Font... from the File menu.

This arrowhead and **Scouts** logos are copyright The Scout Association. The font is copyright **ScoutBase UK**, you may use it for non-profit making, Scouting purposes only.
