

Assessment Checklist for Motor Cruising

Item Code AC120925 Dec/05 Edition no 1

0845 300 1818

Introduction

This is an assessment checklist to use in assessing an Applicant to gain a permit to lead Motor Cruising. More details on the permit scheme, assessing, technical skills and Motor Cruising can be found in resources listed in [FS120084 Scout Led Activities Index](#).

Using This Checklist

This checklist is the syllabus that an Applicant should be assessed against for the Technical section of gaining a permit. All skills must be assessed for the highest class of water a permit is recommended for.

Once an assessment is complete the Approved Assessor should fill in the back page and give it to the Applicant to take to their responsible Commissioner.

Equivalent Qualifications

If an Applicant has gained the:

- Day Skipper (Motor) – C and B1 waters
- Coastal Skipper (Motor) – B2 to A waters

of the RYA, or equivalent or higher within the last five years, or if any of these awards were gained more than five years ago but logged experience shows them to have been active within the last five years, then no practical assessment is required.

Technical Publication

If you require any more technical information on any of the elements in the checklist, these can be found in the official technical manual, which is:

RYA Motor Cruising Handbook by *Simon Jinks*
ISBN 0-9547301-1-9

Motor Cruising
