

Motor Cruising

Item Code FS120656 Mar/09 Edition no 2

0845 300 1818

Introduction

This factsheet looks to give the facts a person would need to know to run Motor Cruising for a group of young people. It should be read in conjunction with the factsheet FS120084 Scout Led Activities Index, and Policy, Organisation and Rules (POR) of The Scout Association.

What is Motor Cruising?

The term Motor Cruising refers to the type of boats used, not the type of waters sailed on. Motor Cruising generally takes place in large boats powered principally by an engine and can include built in accommodation and cabin areas.

What is a Motor Cruising Permit?

The adventurous activity permit scheme is designed to ensure that only people with the relevant skills and experience lead adventurous activities for the young people. Therefore all activities classed as adventurous can only be lead by someone holding the appropriate permit.

A Motor Cruising permit is required for all Motor Cruising taking place in any class of water.

Levels of Permit

Permits for Motor Cruising can be issued for any class of water. Each class of permit can be further restricted (such as through size of vessel etc) to end up with an individual permit to the level of the competence and requirements of any person.

Types of Permit

There is one type of permit available for Motor Cruising. This is:

- **Leadership** – Allows the permit holder to lead Motor Cruising for a single boat.

Permit Limitations

- **Leadership** – If you have permit to lead Motor Cruising then you can look after only one boat at a time. You will need to remain onboard the boat whenever it is being used.
