

the appointment process (guidelines)

for appointments sub-committees

adult support

The Provisional Appointment is the first stage in becoming a qualified adult in Scouting. It provides the first phase of training and support that you need to perform your chosen role. It acts as an introduction to the Movement as well as laying the foundation for the role undertaken.

The Provisional Appointment lasts for a maximum of five months. During this time, an individual completes *Getting Started* and meets with the Appointments sub-Committee. Although an adult is able to begin their new role in Scouting from the moment they receive their Provisional Appointment, there are some restrictions placed upon them. These are outlined on the reverse of this certificate.

Provisional Appointment

This certificate is issued to:

Name: _____

Address: _____

Area: _____

Date: _____

Signature: _____

Area: _____

Area: _____

Area: _____

Editor's note

Although in some parts of the British Isles Scout Counties are known as Areas or Islands and in one case Bailiwick, for ease of reading this material simply refers to County or Counties.
